

The Balboa

Focus your attention on the ocean view and the rest of this home will just flow into place.

Welcoming views abound throughout this elegant home. A spacious living room, deck and dining room are the jewels of this home, but the heart is the kitchen. A cooks delight with a small deck for BBQ, this kitchen speaks to the chef in everyone. At the end of the day, retreat to the spacious master suite and watch the stars come out over the ocean.
